“He has preserved our lives and kept our feet from slipping.”
- Psalms 66:9

ICMiami family, given the events related to COVID-19 virus, here are the precautionary measures we will take:

1. In all our meetings, we must be careful with the greetings avoiding kisses or hugs to preserve the health of our congregation. This is not the time to let emotions or sensitivities to be negligent with your faith.
2. In addition to keeping a good hygiene and deep cleaning our building, we will apply antibacterial cleaners in every room and disinfect all the equipment used during our meetings.
3. Weekly cleaning before our Sunday service, will be reinforced.
4. We will continue with our in-person meetings, unless there is an express instruction from sanitary or governmental authorities to do otherwise. We will do so, as we understand we are the body of Christ on Earth and need to continue proclaiming the gospel of Hope and Eternal Life.
5. If you have recently traveled and have been exposed, or someone close to you have been exposed to the virus; or if you have presented any symptoms, we kindly ask you to stay at home as a demonstration of love and caring for the rest of the body of Christ. Please connect through our live transmission on Facebook.
6. To all leaders and anyone who serves at church, we encourage you to participate in our corporate prayer times either through our weekly meetings or official chats.

Beloved family, we will protect our distinctive culture of love and care for each other by following the above measures. Let's not allow fear to manipulate our actions, neither negligence to be falsely expressed as faith. It is time to believe and trust in our God like never before. This is also the time to ask our Lord to activate our gifts of wisdom and science to act according to His will and not based on our own understanding or emotions.

We love you and pray that the love of the Father, the grace of our Lord Jesus Christ and communion of the Holy Spirit remain with you now and forever.

Ps. Alex Padilla
